

Australian Society of Anaesthetists
Part 3 Course

PART
COURSE

ASA

Australian Society of Anaesthetists

The Part 3 Course is held annually in different States and run as a one day face-to-face course...

Part 3 Course Overview

The Part 3 Course is convened by the Australian Society of Anaesthetists – and run by anaesthetists.

Courses are designed for trainees that have completed their Part 2 exam and offer non-clinical advice and guidance into commencing their anaesthetic career.

The Program Focuses on:

- The transition from registrar to practicing anaesthetist
- Private practice set up
- Private vs public
- Medicare and medical billing
- Financial planning including tax and accounting tips for running a small business
- Business management including the role of a practice manager
- Medical-legal and risk management
- What the ASA can do for you: ‘Support, Represent and Educate’
- Advice and tips on your career including:
 - VMO vs staff, full-time vs part-time, city vs regional
 - Structuring your practice
 - Employment: how to find it and keep it
