

GWEN WILSON ARCHIVE PROJECT – HOLDINGS at ASA North Sydney

- Boxes 12-17 hold mostly original (ie. not photocopied) material.
- Boxes 1-11 hold no original material
- I am beginning to think that there is not as much overlap between the two collections as originally thought, or that they are described differently.
 - Alison Wishart 22 November, 2018.

Accession No.	File Title	Box No	Original Yes/No
